REPORT BY IPR CELL 2018-19

The importance of the overarching nature of intangible assets such as patents, designs, trademarks, copyrights, geographical indications, semiconductor integrated layout designs in day-to-day life and national economy cannot be over emphasized. The Intellectual Property Rights (IPR) framework in a country is ever evolving and dynamic in nature. Fast pace of globalization has established IP assets as a foundation of successful business and are being widely protected by big, small or start-up entities alike. The Kalinga University has taken concrete steps to establish favorable environment for creation and protection of Intellectual Property Rights and strengthening its IPR cell.

The programmes conducted by the IPR cell for strengthening the concept and importance of this area among the faculty members, students and research scholars in the academic fraternity.

The programmes conducted by IPR Cell Kalinga University in the year are listed below:

• Is copyright a Human Right '
• Trademark and Its inter-disciplinary relation with Copyright.
• Role of Legislature, Judiciary, and the Government in regulating the Intellectual Property Policy
• Search Engine and copyright :How far a fair use defence
• Access to knowledge : The thin line between to copy or not to copy
• Make in India with special reference to IPR
• IPR vis-à-vis Biotechnology
• A analysis on trade mark regime in India
• Parallel Imports and Trademark Infringement :An Indian Outlook
